PROFESSIONAL SUMMARY

Full stack developer with hands-on experience across Java/Spring Boot and React/Node.js ecosystems. Built and deployed three full-stack applications spanning healthcare, AI-powered interview prep, and portfolio platforms using React.js, Node.js, Express.js, Spring Boot, and PostgreSQL. Strong foundation in data structures, algorithms, and REST API development.

PROFESSIONAL EXPERIENCE

Java Full Stack Trainee, Dlithe 06/2026 – 08/2026

Karkala, India (Hybrid)

- Developed full-stack Java applications using Core Java, Spring Boot, and REST APIs, applying object-oriented design principles to build modular, maintainable backend services.
- Integrated SQL databases with Spring Boot applications, implementing CRUD operations and data persistence layers for backend services.
- Applied application deployment best practices to move Java-based services from development to test environments, gaining exposure to the full software development lifecycle.

Web Developer Intern, 2StarIT Solutions 09/2023 – 10/2023

Karkala, India (Onsite)

- Built responsive web applications using React.js and Tailwind CSS, translating UI designs into reusable, mobile-friendly components.
- Developed RESTful APIs with Node.js and Express.js, connecting frontend interfaces to PostgreSQL and Supabase databases for data storage and retrieval.

PROJECTS

Medivoice — Healthcare Communication Platform React, Node.js, Express, PostgreSQL, Neon

- Developed a full-stack healthcare platform enabling secure patient-doctor communication with speech-to-text integration and role-based access control (RBAC), using a React.js frontend and Node.js/Express.js REST API backend.
- Deployed the application using Render (backend) and Vercel (frontend) with PostgreSQL hosted on Neon.

HirePrep — AI Interview Preparation Platform React (Vite), Python/FastAPI, Google Gemini API

- Built an AI-powered interview preparation platform with a React (Vite) frontend and a Python/FastAPI backend, integrating the Google Gemini API for automated resume parsing and skill extraction.

Portfolio Website React, Tailwind CSS, Supabase, Three.js, Vercel

- Designed and deployed a responsive portfolio website using React.js, Tailwind CSS, Three.js, and Supabase, with continuous deployment on Vercel from GitHub.

SKILLS

Programming Languages: Java, Python, C++, JavaScript

Frameworks & Libraries: React.js, Node.js, Express.js, Spring Boot, Tailwind CSS, Bootstrap, EJS

Databases: PostgreSQL, Supabase, SQL

Developer Tools: Git, GitHub, Postman, Vercel, Render, Neon

Core Concepts: Data Structures & Algorithms, OOP, REST API Design, Database Management, Operating Systems, Computer Networks

EDUCATION

BTech, Computer Science and Engineering — NMAMIT 07/2023 – Present

Nitte, India | CGPA: 7.50/10

- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks

Pre-University Education (PCMB) — SAI PU College 02/2021 – 02/2023

Karnataka State Board | Aggregate: 86.6/100

LEADERSHIP & EXTRA-CURRICULAR

Secretary, NSS IT Wing — NMAMIT

- Led technical and social initiatives by organizing flagship events, managing documentation, and coordinating cross-functional teams.
- Conducted digital addiction awareness sessions impacting 300+ students across the college.
